WALLPAPERING AND FOILING TRUNK

To protect both the stowed luggage and the trunk, it is recommended to have it lined with fabric in the lower area and protection foil in the upper area.

€ 1.390,00

CHARGING PLUG

To charge the battery easily while the engine cover is closed, these magnetically coupled charging plugs in the rear area recommended. Particularly recommended for longer periods of non-use, for example in exhibition vehicles.

€ 290,00

CARBON CO-DRIVER FEETSTEP*

Change the footrest in the passenger footwell from aluminium to carbon to round off the look of the interior.

€ 1.990,00

CARBON GLOVE BOX*

A glove compartment made of carbon fibre, which is positioned in the area between the seats, offers an elegant solution for keeping small items in reach at all times and at the same time complements the high-quality look of the interior.

€ 3.490,00

CARBON MIDDLE CONSOLE*

To further unify the carbon look in the interior, it makes sense to replace the centre console cover, which is currently made of aluminium, with a carbon version.

€ 1.990,00

SOUNDSYSTEM WITH BLUETOOTH CONNECTION

Soundsystem consisting of two High- and Mid-Tone speakers as well as a Subwoofer. Connection to smartphone via bluetooth.

€ 5.950,00

(*Carbon Package Interior (incl. all three carbon fibre options): € 6.990,00)

BATTERY CUT-OFF SWITCH

A switch positioned in the engine compartment to disconnect the battery from the supply network and preserve it, for example, when the vehicle is not in use for a long time, such as during the winter break.

*The use of a battery disconnect switch is mandatory for air or sea in order to safely disconnect the battery from the electrical circuit and thus ensure safety during transport.

€ 590,00

X-BOW LUGGAGE SET BY MEINDL

Exclusive Meindl bag set out of a basebag, topbag and an etui for the glovebox.

€ 2.960,00
